OUR MADE-TO-ORDER APPROACH

Our customized approach is based on a culture of innovation and renewal that drives us to constantly propose effective solutions tailored to your specific needs.

Integrated Start to Finish Approach

- Technical support for design or design revision
- Development of custom dies
- Transformation and value-added machining (cutting, CNC, punch)
- Quality control by a trained and dedicated team
- Component assembly
- Personalized marking of parts

WHY Forimpex★?

- Low cost due to our high-volume purchases
- Die refund program
- Wide range of standard dies available
- Products guaranteed to conform to drawings
- Many packaging and delivery options
